SENATOR HALL: Thank you, Senator Wesely. Senator Janssen, your light is next, followed by Senator Vrtiska.

SENATOR JANSSEN: Mr. Speaker, members, Senator Day, would you respond to a question?

SENATOR HALL: Senator Day.

SENATOR JANSSEN: Yes, now these prepackaged prescriptions, are they labeled already, or have the labels been made up and then they are put on by the personnel in this clinic?

SENATOR DAY: Well, I believe the labels will be made up, but they will be put on the specific packages so they can put the name and the date and that type of thing on it. But as far as any instructions, those will be set up by the formulary committee and already printed.

SENATOR JANSSEN: All right, that's what I understood it to be. And I do support the bill also because I believe it is something that is needed. Thank you.

SENATOR HALL: Thank you, Senator, very much. Is there any other discussion on the motion to advance? Seeing none, Senator Day, would you care to close? She waives closing. The question is the advancement of LB 900 to E & R Initial. All those in favor vote aye, opposed nay. Have you all voted? Record, Mr. Clerk.

CLERK: 26 ayes, 0 nays, Mr. President, on the advancement of LB 900.

SENATOR HALL: LB 900 advances. LB 900A, Mr. Clerk.

CLERK: LB 900A, offered by Senator Day. (Read title.)

SENATOR HALL: Senator Day, to open on the bill.

SENATOR DAY: Yes, Mr. Speaker, members, this is just to do the one-time cost for changes in the regulations that will be needed, after that all the costs will be covered by the inspection fees. So I'd urge your approval of 900A.
